### New River Valley Commerce Park Participation Committee 6580 Valley Center Drive, Suite 124

Radford, VA 24141

**DATE:** April 4, 2012

**TO:** NRV Commerce Park Participation Committee

FROM: Joe Morgan

SUBJECT: Wednesday, April 11, Noon, Meeting Draft Agenda

A meeting of the New River Valley Commerce Park Participation Committee will be held on **Wednesday**, **April 11**, at **noon** at **Rockwood Manor**, **5189 Rockwood Road**, **Dublin**, **VA 24084 (540) 674-1328** – <a href="http://www.rockwood-manor.com/">http://www.rockwood-manor.com/</a>. Rockwood Manor is located on Route 100 just north of the New River Community College main campus. Lunch will be provided.

Please mark your calendar and contact us on your plans for attendance.

- 1. Roll Call and Approval of Agenda
- 2. Public Comment
- 3. Approval of the November 11, 2011 Participation Committee and March 13 Executive Committee meetings minutes (attached pages 5 17)
- 4. Administrative Staff Report
  - a) Program of Work Update
  - b) Water & Sewer Expansion Update from Regional Planner Christy Straight
  - c) Building Collaborative Communities Grant Marketing Program Update (attached pages 18 21)
  - d) Timing Real Estate Broker & Transaction Manager Engagement
  - e) Financial Report for 2nd Quarter FY 2011-12 (attached page 22)
  - f) MAI Appraiser Ongoing Engagement (attached pages 23 26)
  - g) Update on Surplus Property Disposition
  - h) Commerce Park Administration (attached page 27)
- 5. Other Old Business
  - a) Member Withdrawal or Passive Status Terms
  - b) Other
- 6. New Business
  - a) Election of Officers for 2012-14
  - b) FY 13 Budget Proposal and Adoption (attached pages 28 32)
  - c) Comprehensive Economic Development Strategy Projects (attached pages 33 37)
  - d) Insurance Renewal Acceptance (attached pages 38 45)
  - e) Other
  - f) NRV Economic Development Alliance Marketing Report
- 7. Closed Session (if needed)
- 8. Other Business
- 9. Adjournment Immediately Followed by VA1st Authority Special Meeting for any Required Action Related to the Commerce Park

Next scheduled Commerce Park & Next VA1st annual meetings: Wed., August 15, 2012

## New River Valley Commerce Park Participation Committee 6580 Valley Center Drive, Suite 124 Radford, VA 24141

**DATE:** April 4, 2012

**TO:** NRV Commerce Park Participation Committee

FROM: Joe Morgan

SUBJECT: Wednesday, April 11, Noon, Meeting Staff Report

Information and *recommendations* on the agenda items are:

- **1.** Roll Call and Approval of Agenda We will rely on each member government to designate its representative(s) for determining the quorum of six of the eleven members. Votes will be recorded by member shares.
- 2. Public Comment No opportunity for comment has been requested to date.
- 3. Approval of the November 11, 2011 Participation Committee and March 13 Executive Committee meetings minutes (attached pages 5 17)
- 4. Administrative Staff Report
  - a) **Program of Work Update** The 2009-11 Program of Work objectives are complete and the focus for the next year should be implementation of the recommendations of the strategic plan adopted in November 2011.
  - **b)** Water & Sewer Expansion Update from Regional Planner Christy Straight Christy can give an overview of the construction completion to date.
  - c) Building Collaborative Communities Grant Marketing Program Update (attached pages 18 21) See the: monthly grant report to the Virginia Department of Housing and Community Development (VDHCD); tasks, timing & budget matrix; procurement overview; and website home page design. (Due to file size, the home page design and procurement engagements will be sent by separate e-mail.) Input on postcard mailer quarterly themes is welcome from the listing attached. With the help of the Virginia Economic Development Partnership VEDP, the following targeted industries were selected from the suggestions of consultants Leak & Goforth:

Wholesale Trade/Distribution - NAICS Code Industry

423450 Medical, Dental, and Hospital Equipment and Supplies

423730 Heating and Air Conditioning Equipment and Supplies

423510 Metal Service Centers and Wholesalers

423830 Industrial Machinery and Equipment

Manufacturing - NAICS Code Industry

339112 Surgical and Medical Instruments Manufacturing

311920 Coffee and Tea Manufacturing

332721 Precision Tuned Product Manufacturing

326112 Plastics Packaging Film and Sheet Manufacturing

311412 Frozen Specialty Food Manufacturing (smaller facilities)

332312 Fabricated Structural Steel Manufacturing

Further target industry research is recommended by Dean Whittaker Associates at \$5,000 and 310 Ltd. at \$11,000 for the initial engagement.

d) Timing Real Estate Broker & Transaction Manager Engagement - Proposals for real estate services were received in March 2011 from three offerors: Poe & Cronk, Thalhimer, and Waldvogel, all of Roanoke. Selection of a broker has been delegated to the Executive Committee. Thalhimer is recommended due to the diligence of Broker Ralph Williams in assisting the Alliance Prospect Team.

- e) Financial Report for 2nd Quarter FY 2011-12 (attached page 22) Commerce Park reserves are \$256, 365 for the water and sewer capacity expansion & \$242,544 for the Rural Development debt reserves. Available balances at fiscal year-end are expected to be reduced to between \$25,000 and \$30,000, after all budgeted, supplemented or unanticipated expenditures are made, including the new website and mail marketing campaign. VA1st reserves at mid-year were \$329,936.88, and anticipated to be at least \$320,000 at fiscal year-end.
- f) MAI Appraisal Services (<u>attached page s 23 26)</u> Engagement of Miller and Long Associates, Inc. is recommended for ongoing appraisal services as described in the <u>attached</u> e-mail correspondence. The arrangement should allow any appraisal needed to be promptly prepared. The purpose of the appraisal is to satisfy lender requirement for release of deed of trust restrictions on Commerce Park parcel title transfers. Rural Development requires appraisals be completed within one year of most title transfers. Miller and Long represents they are acceptable to Stellar One Bank, which requires pre-approval of appraisers.
- g) Update on Surplus Property Disposition:
  - Expanded Listing with Woltz and Associates The listing can proceed this spring since the accompanying appraisal arrangement is in place. The earliest likely date for an auction summer or fall of 2013.
  - Land Swap Potential for Rail and Electric Transmission Right of Way I am informally discussing this option with adjacent property owners and the Development, Covenants & Communications Committee.
  - New Dublin Presbyterian Church Buffer Transfer Kathy Alley of Rural Development reports the transfer has been approved. Attorney Theresa Fontana is getting a metes and bounds description from Anderson & Associates, as required by RD before the parcel release is granted and the buffer transfer completed.
  - **Airport Five Acre Swap for Entrance Road Parcel** Ms. Fontana is also completing the lender release requirements for the boundary adjustment with the Airport. Christy Straight has gathered all necessary Pulaski County and property owner approval signatures on the plat and submitted it to RD.
  - Rental Double-Wide Home Status Connection to Dublin Town Water was completed in January, coinciding with occupancy by new renters for 2012. A new cook stove was installed. Repairs were made to the plumbing and bath fixtures. Rodent extermination has been contracted. Roof and HVAC system replacement is being evaluated, with \$10,000 included in the proposed FY 13 budget for replacement as needed. Currently the wastewater drains slowly and the septic system is being excavated to find the tank clean out location. With these substantial improvements, the prospects for a rent next year higher than \$600 per year will be considered. Unless the dwelling can be sold as personal property without the sale proceeds going to the lender, the best option may be to retain the home as a revenue generator. With major repairs completed, the rent might net \$5,000 per year.
  - Repair or Demolition of Vacant Single Wide Mobile Home No action has been taken and the home remains vacant.
  - **Multi-Year Agricultural Lease** Response to the farm renter Guthrie Farms has been delayed until it is more certain if a purchaser or lessee of the Mebane house would want to lease farm acreage.
  - **Boundary Fence Upgrade Cost Sharing with Neighboring Property Owner(s)** No response by Guthrie Farms or neighbor Tom Compton has taken place to date.
- h) Commerce Park Administration (attached page 27)— I anticipate continuation of the memorandum of agreement with NRV Planning District for support services during the upcoming 2012-13 fiscal year. My engagement as executive director is also ongoing during the upcoming fiscal year, at the pleasure of the VA1st Board of Directors. A meeting of the Development, Covenants & Communications Committee is scheduled for April 10, as noted in the attached meeting notice.

#### 5. Other Old Business

a) Member Withdrawal or Passive Status Terms - I'm aware of no further interest in either at this time.

- b) Other
- 6. New Business
  - **a) Election of Officers for 2012-14:** Current terms of the Executive Committee expire in June. *All are eligible for re-election. A nominating committee could also be appointed.*
  - b) NRV Economic Development Alliance Marketing Report: An update from Alliance Executive Director Aric Bopp is expected at the meeting. Commerce Park information has been sent to three new prospect inquiries this fiscal year, none of which appear to have further interest.
  - c) FY 13 Budget Proposal and Adoption (attached pages 28 32) The proposal is balanced by a \$30,835.41 use of reserve funds, begins paying the \$55,000 per year water and sewer capacity expansion debt service pledge due through 2050, shifts most basic administrative expense to the VA1st main budget and includes a reserve for HVAC and roof repairs at the rental doublewide dwelling. Adoption prior to the August 15 VA1st Board of Directors Annual Meeting is requested.
  - **d)** Comprehensive Economic Development Strategy Projects (attached pages 33 37) Approval of the request for funding of the rail extension and power improvement projects is requested.
  - e) Insurance Renewal Acceptance (attached pages 38 45) The renewal proposal self-insurance contribution from VACORP is \$1,683, compared with \$1,633 for the current year. Acceptance of the renewal is requested.
  - f) other
- 7. Closed Session (if needed)
- **8.** Other Business
- 9. Adjournment Immediately Followed by VA1st Authority Special Meeting for any Required Action Related to the Commerce Park

Next scheduled Commerce Park & Next VA1st annual meetings: Wed., August 15, 2012

#### VIRGINIA'S FIRST REGIONAL INDUSTRIAL FACILITY AUTHORITY

New River Valley Commerce Park Participation Committee
Meeting Minutes
November 9, 2011

#### 1. Roll Call

A meeting of the New River Valley Commerce Park Participation Committee was held on Wednesday, November 9 at 12:00 pm at the Competitiveness Center in Fairlawn. Mr. McKlarney, vice chairman, called the New River Valley Commerce Park Participation Committee meeting to order. He then invited the group to introduce themselves individually.

Roll call by member jurisdiction was taken and a quorum determined with the following nine of the eleven member governments represented: Craig, Giles, Montgomery, Pulaski, and Roanoke counties, City of Radford, and Dublin, Pearisburg and Pulaski towns. Bland County and the City of Roanoke were not represented.

Motion: Mr. Utt moved the committee approve the agenda. Mr. White seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0%

abstaining and 8.64% absent (Bland County, City of Roanoke).

#### 2. Public Comment

No comment was made.

#### 3. Strategic Plan Presentation by Leak & Goforth consultants

Bob Leak, Bob Goforth, Jim Bruce & David Denny gave a presentation on the final draft plan. The plan recommendations include a focused marketing effort that should complement the Building Collaborative Communities grant awarded by Governor McDonnell.

The plans key recommendations included maintaining the course of development of the park and implementing a marketing program. The consultants also identified near-term target prospects in the wholesale trade/distribution and manufacturing industries (within ten specific NAICS codes).

#### 4. Approval of the April 13 and August 10, 2011 meetings minutes

Motion: Mr. Vittum moved the committee approve the April 13 committee meeting minutes.

Mr. Utt seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0%

abstaining and 8.64% absent (Bland County, City of Roanoke).

Motion: Mr. Vittum moved the committee approve the August 10 committee meeting minutes.

Mr. Hamilton seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0%

abstaining and 8.64% absent (Bland County, City of Roanoke).

#### 5. Administrative Staff Report

The administrative staff report is included within the packet for this meeting and includes the items referenced below.

#### a. Program of Work Update

The current status for those items from the program of work adopted for 2009-2011 which still need emphasis is highlighted in the packet for this meeting. Mr. Morgan plans to present a new program of work for 2012-2014 in conjunction with the current overall Commerce Park strategic planning.

#### b. Water & Sewer Expansion Update from Regional Planner Christy Straight

Ms. Straight stated the project is approximately 88% complete. Most contracts are doing finishing work and testing. All high visibility items are done, including the river crossing. Mr. McKlarney asked how change orders were affecting the costs of the project. Ms. Straight indicated there have been a few change orders, but costs have been contained fairly well with tradeoffs in materials and scope to keep costs in line.

#### c. Building Collaborative Communities Grant Acceptance

Governor McDonnell awarded \$30,000 to Virginia's First for Commerce Park revitalization. Virginia's First staff and key partners (including NRV Economic Development Alliance Prospect Committee members and NRV Commerce Park Participation Committee members) met with Chris Thompson, Virginia Department of Housing and Community Development and John Loftus, Virginia Economic Development Partnership, in the morning before the committee meeting. The \$30,000 grant will be targeted for Commerce Park marketing and re-branding, since the grant is less than the \$50,000 requested.

The grant requires a match, that is available from Commerce Park undesignated funds, as well as in-kind match from both Norfolk Southern for rail access update and for grant administration by staff.

Mr. Hamilton asked for clarification on what marketing was to be done; Mr. Morgan said a postcard mailing (with frequency to be determined) and follow up calling list on target industries is anticipated. Mr. Hamilton commented on the need for a website and suggestion that it should come first. This has been recommended by Mr. Bopp as well. Mr. Hamilton estimated a website could be created for about \$30,000. Mr. Bopp estimated \$20,000 . Mr. Morgan asked for comment from funders on how they would advise proceeding with that task. Mr. Thompson and Mr. Loftus said they will work with the committee and encouraged following the advice provided by the consultants' strategic planning study and the region's economic development team.

Motion: Mr. Hamilton moved the committee Executive Committee members be authorized to initiate the strategic plan recommendation for a marketing program, along with a new Commerce Park website, utilizing Commerce Park available funds and the Building Collaborative Communities Grant. Mr. Irvin seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0% abstaining and 8.64% absent (Bland County, City of Roanoke).

#### d. Timing Real Estate Broker & Transaction Manager Engagement

Proposals for real estate services were received in March from three offerors: Poe & Cronk, Thalhimer, and Waldvogel, all of Roanoke. Selection of a broker has been delayed pending outcome of the strategic planning. The Executive Committee has been previously authorized to engage a broker whenever it deems appropriate.

#### e. Small Purchase Policy Adoption

Staff requested approval of a policy to allow small purchases at the maximum levels allowed by the Code of Virginia Section 2.2-4303. Mr. McKlarney asked at what purchase level the policy would be set. Mr. Morgan anticipated \$30,000 for non-professional services without formal quote solicitation, \$100,000 for non-professional services with solicitation of four formal quotes and \$50,000 for professional services.

Motion: Mr. Cox moved the committee authorize staff to implement a small purchase policy.

Mr. Vittum seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0%

abstaining and 8.64% absent (Bland County, City of Roanoke).

The adopted Small Purchases Policy is as follows: The Commerce Park Participation Committee does hereby establish purchase procedures not requiring competitive sealed bids or competitive negotiation for single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$100,000; however, such small purchase procedures shall provide for competition wherever practicable. Purchases that are expected to exceed \$30,000 shall require the written informal solicitation of a minimum of four bidders or offerors. The Committee does also hereby establish purchase procedures not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however such small purchase procedures shall provide for competition wherever practicable.

#### f. Financial Report for 1st Quarter FY 2011-12

Mr. Morgan reviewed the latest financial report. The 2010-2011 fiscal year ended with a cash balance of just over \$1 million, of which about 30% were VA1st funds. Of the 70% Commerce Park funds, about one-half million dollars was in required and optional debt service reserves. After current year budgeted expenses, carrying over \$44,000 for strategic planning and acknowledging that the FY12 Giles County payment was received prior to the beginning of the current fiscal year, about \$100,000 of Commerce Park funds were available and undesignated.

#### g. Update on Surplus Property Disposition

A general review of the current status of surplus property was included in the packet for this meeting. Mr. Morgan presented recommendations regarding surplus property as follows:

#### i. MAI Appraisal Engagement for Any Parcel Title Transfer

Engage an appraiser for ongoing service related to transfer of title and lot release from deed of trust restrictions for both surplus and industrial parcels. Rural Development has requested it be an MAI appraisal

#### ii. Expanded Listing with Woltz and Associates

The previously approved listing renewal should be expanded to include lease or purchase of additional land adjacent to the Mebane house. Woltz's representative has made recommendations to make property more saleable, such as added property, including the pond/spring. The revised number on sale potential from one year ago -- less than \$500,000 - is still applicable.

#### iii. Land Swap Potential for Rail and Electric Transmission Right of Way

Mr. Morgan recommended the committee develop alternatives that would be mutually beneficial to neighboring property.

# iv. New Dublin Presbyterian Church Buffer Transfer Without Lender Deed of Trust Release

At the request of the Church, the attorney for the Commerce Park has prepared documents (included in the packet for this meeting) that will allow transfer even though Rural Development has not responded to the title transfer request submitted October 26, 2010. Mr. Morgan recommended proceeding with the land transfer.

#### v. Connection of Rental Double-Wide Home to Dublin Town Water

Ratification of the municipal water connection underway and authorized work was requested. The work, which will cost about \$10,000, includes 3 connections – one active for the double-wide rental dwelling and two for future use.

Mr. McKlarney asked if the Commerce Park will be paying the full cost of the connection; Mr. Morgan confirmed that will be the case. The \$10,000 will cover all costs – connection fee, construction, and contingency. Construction is expected to be completed in November.

#### vi. Repair or Demolition of Vacant Single-Wide Mobile Home

Evaluation of repair versus demolition was recommended prior to attempting to seek a new tenant.

#### vii. Multi-Year Agricultural Lease

Pending confirmation of any additional lease or sale of property adjacent to the Mebane home, changing the agricultural leases from annual to renewal to a five year rolling renewal was recommended considered to allow farm renters to better plan investment in fertilization, fencing and other land stewardship improvements.

#### viii. Boundary Fence Upgrade Cost Sharing with Neighboring Property Owner(s)

Ratification of an offer to invest up to \$1,500 in the fence upgrade with neighbor Tom Compton was requested.

Motion: Mr. Utt moved the committee accept the recommendations of applicable items listed above under G. Surplus Property and authorize staff to proceed. Mr. Cox seconded the motion.

Action: The motion passed unanimously, with 91.36% in the affirmative, 0.0% opposed, 0.0% abstaining and 8.64% absent (Bland County, City of Roanoke).

#### 6. Other Old Business

#### h. Member Withdrawal or Passive Status Terms

Mr. Morgan suggested members wishing to withdraw be permitted if they pay off their share of the current indebtedness for the Commerce Park. He also suggested that withdrawing members retain their equity in the Commerce Park, in return for the advance payment of indebtedness increasing the available cash for current operations. At the April Commerce Park Participation Committee meeting, options were discussed for withdrawing members to have their equity

reduced by the accumulated operating cost of the Commerce Park over time. Currently members pay \$2.75 per year per share for the Commerce Park. Debt service takes \$2.38 per share (86%), leaving \$0.37 per share for operation (14%). The future value of the current annual payment and the outstanding debt per share, based on 5% annual increase for 30 years, is \$183 and \$158, respectively. The debt per share as of the end of FY 2010 was \$35.06 per share. Options discussed for reduction in equity for withdrawing members include: 86% of active members value per share; reduction to 50% over 30 years (1.67% reduction per year); or reduction by 14% per year to deplete equity value in seven years. In the material included in the packet for this meeting, calculations of the debt service show total and annual payments for each of the eleven members. Also included are the buy-out costs and reduced equity calculation for each member under the three reduced equity options. Any full membership withdrawal will require consent of the lenders.

On August 18, 2011, Travis Jackson of RD recommended withdrawing members pay a substantial amount of the ongoing debt service expense, not just the outstanding principal – thus he favors a buyout in the \$158 to \$183 per share that reflects the future value of the share expense. If lender consent is not forthcoming, an alternate could be passive status that would excuse passive members from meeting participation and holding the payout per share in reserve to be used in the interim, but replaced by the remaining members as needed to meet debt service obligations. All of this hypothetical analysis was presented to foster discussion and planning that will meet the varying needs and desires of the eleven Commerce Park member governments.

#### 7. New Business

#### i. NRV Economic Development Alliance Marketing Report

Mr. Bopp stated the Alliance has seen some prospect activity interested in the Commerce Park. An agriculture project is still active. The Alliance also received a realtor request for a 50-acre site and the Commerce Park was submitted for that request.

#### j. Other

Mr. Morgan presented the draft proposal incentives for a distribution project -7 years property tax waiver and a below fair market value lease with option to purchase. Mr. Bopp commented on the need to discuss incentives in future RFIs; as there is difficulty in competing with other organizations who give multiple years' tax relief and free land incentives, at a minimum.

Further discussion on how to offer more attractive land incentives followed. Refinancing of current debt obligations through bonds was suggested. Mr. Hamilton noted bonds are currently being sold for a 20-year obligation, 4.5% interest for \$5 million, by Montgomery County, with the Board of Supervisors guaranteeing payment, in order to remove a Rural Development deed of trust on the Falling Branch site. Currently, the Commerce Park property can be leased, but donating the property to a prospective industry requires payment of a fair market value of the donated parcel to the lenders, without any reduction in current annual debt service (because of deed of trust restrictions). Mr. Bopp noted the committee will still need revenue to cover debt service; but it would be better to work on simplifying the incentive approach for clients regardless of the Commerce Park's debt position.

Regarding the proposal, committee members suggested removing the land lease incentive and just offer to provide the land for free. Also, Mr. Hamilton noted that taxes can't be waived, but rather they should offer a local economic development grant equal to 100% of taxes paid for 7 years.

#### 8. Closed Session (if needed)

No closed session was held.

#### 9. Other Business

No other business was brought before the committee.

#### 10. Adjournment

The next scheduled Commerce Park meeting, depending on any action that may be required, will be Wednesday, February 8 or Wednesday, April 11, 2012. At this time Mr. Morgan requested members mark their calendars for both dates and staff will advise as soon as practical which date would be more appropriate for any action needed.

The next VA1st annual meeting will be Wednesday, August 18, 2012

With no further business to discuss the meeting was adjourned at 1:10 pm.

Respectfully Submitted, Approved by,

Joseph N. Morgan, Executive Director Shawn Utt, Secretary / Treasurer

#### Virginia's FIRST REGIONAL INDUSTRIAL FACILITY AUTHORITY

Special Meeting Minutes November 9, 2011

#### 1. Meeting Convened with Quorum Present

Vice Chair Vittum called the special meeting of the Authority Board of Directors to order immediately following the conclusion of the New River Valley Commerce Park Participation Committee at about 1:15 p.m. at the New River Valley Competitiveness Center, in Pulaski County. The special meeting was called to consider only matters regarding the Commerce Park. A quorum was determined present with the following ten of the thirteen member governments represented: Craig, Giles, Montgomery, Pulaski, and Roanoke counties, City of Radford, and Christiansburg, Dublin, Pearisburg and Pulaski towns. Wythe and Bland counties and the City of Roanoke were not represented.

An attendance roster is listed at the end of these minutes.

#### 2. Consent Agenda Items

#### a. Building Collaborative Communities Grant Acceptance

Governor McDonnell awarded \$30,000 to Virginia's First for Commerce Park revitalization. Virginia's First staff and key partners (including NRV Economic Development Alliance Prospect Committee members and NRV Commerce Park Participation Committee members) met with Chris Thompson, Virginia Department of Housing and Community Development and John Loftus, Virginia Economic Development Partnership, in the morning before the committee meeting. The \$30,000 grant will be targeted for Commerce Park marketing and re-branding, since the grant is less than the \$50,000 requested.

The grant requires a match, that is available from Commerce Park undesignated funds, as well as in-kind match from both Norfolk Southern for rail access update and for grant administration by staff.

#### b. Small Purchase Policy Adoption

Staff requested approval of a policy to allow small purchases at the maximum levels allowed by the Code of Virginia Section 2.2-4303 is requested. The adopted Small Purchases Policy is as follows: The Commerce Park Participation Committee does hereby establish purchase procedures not requiring competitive sealed bids or competitive negotiation for single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$100,000; however, such small purchase procedures shall provide for competition wherever practicable. Purchases that are expected to exceed \$30,000 shall require the written informal solicitation of a minimum of four bidders or offerors. The Committee does also hereby establish purchase procedures not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however such small purchase procedures shall provide for competition wherever practicable.

#### c. Update on Surplus Property Disposition

The following recommendations were made by the executive director:

#### i. MAI Appraisal Engagement for Any Parcel Title Transfer

Engage an appraiser for ongoing service related to transfer of title and lot release from deed of trust restrictions for both surplus and industrial parcels. Rural Development has requested it be an MAI appraisal.

#### ii. Expanded Listing with Woltz and Associates

The previously approved listing renewal should be expanded to include lease or purchase of additional land adjacent to the Mebane house.

# iii. New Dublin Presbyterian Church Buffer Transfer Without Lender Deed of Trust Release

At the request of the Church, the attorney for the Commerce Park has prepared documents (included in the minutes of this meeting) that will allow transfer even though Rural Development has not responded to the title transfer request submitted October 26, 2011. Proceeding with the land transfer was recommended.

#### iv. Connection of Rental Double-Wide Home to Dublin Town Water

Ratification of the municipal water connection underway and authorized work was requested. The work, which will cost about \$10,000, includes 3 connections – current double-wide rental dwelling, and two future service stubs. Construction is expected to be completed in November.

#### v. Boundary Fence Upgrade Cost Sharing with Neighboring Property Owner(s)

Ratification of an offer to invest up to \$1,500 in the fence upgrade with neighbor Tom Compton was requested.

Motion: Mr. McKlarney moved the Virginia's First Regional Industrial Facilities Authority Board of Directors consent to the actions approved and authorized (and listed above)

by the Commerce Park Participation Committee. Mr. Utt seconded the motion.

Action: The motion passed without objection, with all Board members from the following member governments in attendance voting yes (Craig, Giles, Pulaski, Montgomery, and Roanoke counties; City of Radford; and Christiansburg, Dublin, Pearisburg and Pulaski towns), none voting no and no voting members present from the following member governments (Bland and Wythe counties; and Roanoke City).

#### 3. Closed Session (if needed)

No closed session was held.

#### 4. Other Business

No other business was brought before the board.

#### 5. Adjournment

On motion of Mr. Utt seconded by Mr. Cox, and carried unanimously, the special called meeting, for the purpose of receiving and acting on requests from the Commerce Park Participation Committee regarding Commerce Park projects and properties, was adjourned to be reconvened immediately following the next Commerce Park Participation Committee meeting, which is scheduled to be held on be Wednesday, February 8 or Wednesday, April 11, 2012, at noon at a location to be determined.

Respectfully Submitted, Approved by,

Joseph N. Morgan, Executive Director Barry Helms, Secretary / Treasurer

#### VIRGINIA'S FIRST REGIONAL INDUSTRIAL FACILITY AUTHORITY

New River Valley Commerce Park Participation Committee
Executive Committee
Meeting Minutes
March 14, 2012

#### 1. Call to Order

A meeting of the New River Valley Commerce Park Participation Committee Executive Committee was held on Wednesday, March 14, 2012 at 9:30 am at the Giles County Administration Building, 315 North Main Street, Pearisburg, Virginia.

The special meeting was called by members Basil Edwards, Chair and Shawn Utt, Secretary-Treasurer, for the purposes of preparation for the April 11, 2012 Commerce Park Participation Committee.

Members attending were: Basil Edwards, Chair; Chris McKlarney, Vice-Chair; and Jay Polen.

#### 2. Public Comment

No comment was made.

3. Closed Session pursuant to 1950 Code of Virginia, Section 2.2-3711, (5) (prospective business):

The committee entered into closed session under Code of Virginia 2.2-3711 paragraph 5 for discussion of prospective business.

a. Approval of Closed Session Meeting pursuant to 1950 Code of Virginia, Section 2.2-3712 (A) for briefing by staff and discussion prospective business, all as allowed by 1950 Code of Virginia 2.2-3711, (5) (prospective business)

Motion: Mr. McKlarney moved the committee go into closed session for the purposes of discussing prospective business, under Code of Virginia 2.2-3711 paragraph 5, with staff to be included in the session. Mr. Polen seconded the motion.

Action: The motion passed.

b. Certification of Closed Session: Roll Call Vote certifying compliance with 1950 Code of Virginia, Section 2.2-3712 (D) requirements for consideration of only public business matters lawfully exempted and also identified in the resolution authorizing the closed meeting during said closed meeting

Motion: Mr. McKlarney moved the committee return to open session. Mr. Polen seconded the motion.

Action: The motion passed.

Motion: Mr. McKlarney moved the committee certify that to the best of each member's

knowledge (i) only public business matters lawfully exempted from open meeting requirements under this chapter and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed or considered by the committee in the closed session. Mr. Polen seconded

the motion.

Action: The motion passed unanimously.

#### 4. Other Business

The committee authorized the executive director to proceed with engagement of New City of Blacksburg for webpage design, The O'Connor Group of Roanoke for postcard mailer marketing campaign design, printing and mailing, and Whittaker Associates of Holland, Michigan for target industry identification. These three purchases are funded through the Virginia Building Collaborative Communities program.

No other business was brought before the committee.

#### 5. Adjournment

With no further business to discuss the meeting was adjourned at 10:30 am.

Respectfully Submitted, Approved by,

Joseph N. Morgan, Executive Director Shawn Utt, Secretary / Treasurer

# **Building Collaborative Communities Program Monthly Work Plan Progress Report**

Virginia's First Regional Industrial Facility	
Authority	March 2012
Grantee	Month

#### Please provide an update on progress on your project's work plan deliverables.

The Strategic Plan has been completed.

Review of the Strategic Plan is under consideration for implementation during the summer and fall of 2012, depending on expenditures on the marketing plan components.

The Marketing Strategy is completed. Implementation is underway:

- New City of Blacksburg was selected to design and implement a <u>Commerce Park Marketing Website</u>. The initial website is on schedule to be running by mid-May, with content editing and user training to completed by mid-summer. Kick-off held March 1, 1/2 day design session attended by Basil Edwards, Charlie Jewell, Christy Straight, Jay Polen & Joe Morgan on March 12. Main webpage design is <u>attached</u>.
- Dean Whitaker Associates of Holland Michigan were selected for <u>Target Industry Identification</u>. The initial listing of 250 targeted industries will be available by early May.
- The O'Connor Group of Roanoke was selected to design and mail the first installments of the quarterly <u>Post Card Marketing Campaign</u>. Design will begin as soon as the basic graphics of the website are completed.

Attached is an updated tasks, timing and budget matrix for the project.

#### In what areas did you meet or exceed your expectations?

The support and responsiveness of both VEDP and VDHCD staff has been exceptional.

Our regional stakeholders have been pro-active in taking time to confer with the marketing plan strategy.

#### What things were significant obstacles?

Coordination over a 11 member government region is challenging, but the effort of interested stakeholders have been up to the challenge. Capturing the breadth of the region, noting both the urban, higher education and spacious rural geographic components is a concise, coherent marketing theme is also a challenge. Postcard mailer costs were overestimated. Targeting industry research and qualification was underestimated. Fortunately the estimate gaps were offsetting, leaving the overall project within cost estimates.

#### What areas do you need technical assistance?

We appreciate the assistance led by John Loftus and Rob McClintock of VEDP, with detail industry targeting assistance from Brian Kroll. We have also been guided well by Chris Thompson and Doug Jackson of VDHCD.

#### **Building Collaborative Communities - Virginia's First Authority Grant Budget**

# Joseph Morgan - RE: follow up from March 12 meeting re NRV Commerce Park appraisal services

**From:** Sam Long <slong@millerlong.com>

**To:** Joseph Morgan < jnmorgan@pulaskicounty.org>

**Date:** 4/2/2012 12:56 PM

**Subject:** RE: follow up from March 12 meeting re NRV Commerce Park appraisal services

#### Dear Joe,

The fee for each property will be addressed by the numbers shown in your e-mail.

- 1. \$1,800 (land only)
- 2. \$3,200
- 3. \$1,800 (land only)
- 4. \$1,800
- 5. \$3,800

We do not appraise mobile homes (as they are considered to be personal property) so the improvements are excluded from our fee quote in #1 and #3

We can work around any set up that you need to market the properties for the highest price. We will make ourselves available to work around your schedule, as much as possible.

It was nice meeting you a few weeks ago and we look forward to working with you on this project.

#### Sam Long

Subject: RE: follow up from March 12 meeting re NRV Commerce Park appraisal services

#### Tuck.

I believe we can avoid an appraisal on the Church buffer of 3.5855 acres, which should transfer by boundary adjustment this spring. The buffer is identified as New Parcel 2 on the plat dated 7/19/10.

We may need appraisals on the following surplus acreage, some with improvements, if we find a purchaser for which we are willing to pay off the proportional deed of trust security to obtain a lot release from the lenders:

- 1. New Parcel 1 on the plat dated 7/19/10, 1.8481 acres, on which is located a rented double wide home.
- 2. Historic Mebane house and outbuildings, located on the remainder of 15.882 acres, shown on the scan of the plat with a zoning approval dated 5-5-09.
- 3. New Parcel 1 of 2.120 acres on the scan of the plat with zoning approval dated 5-5-09, on which a single wide mobile home in poor repair is located adjacent to the Mebane house.
- 4. The open field remainder of the 31.10 acres shown on the plat dated 7/19/10, after removing the parcels listed in #2 & #3 above, which my math figures at 13.098 acres.
- 5. All of the above 4 parcels as one transfer without or without subdivision, depending on the purchaser's decision of whether to buy the less valued parcels when the Mebane house parcel is purchased. (Woltz & Associates advises to sell the large house first before allowing the double wide, single wide or open field to be sold.)

I would expect to need the appraisal on the above 5 options within a year of a probable auction date window of May to September 2013.

I do not anticipate a need for an appraisal soon for the main tract or the 62 acres

to the southeast. However, we would want to have a tentative engagement made so we could quickly determine the value due the lenders if a title transfer of a parcel is a good opportunity to attract a new business.

It is likely an appraisal would be needed at any given time for only one parcel from the main tract. Based on the topography potential lots have been identified that fit the likely economical grading and road access configuration. Attached is a copy of that potential lot map. Also attached is a narrative on the lot selection, estimated grading costs, and other potential development costs. These estimates are from 2007. Since 2007, the water and sewer capacity has been expanded to 1 million gallons per day. So, the water and sewer capacity is available for the potential lots, but some line extension will still be required to develop the lots. Attached is a drawing of the general location of the expanded water and sewer capacity tank, mains and pumping station. The lots are listed 1-7, starting with distance from Route 100, so it is likely the lower numbered lots will transfer first.

In summary, I think we want a stand-by arrangement that would allow us to quickly get either appraisals for:

- one or more of the surplus parcels listed in 1-5 above; and
- one of the main tract lots.

I hope you can advise us on the appraisal engagement approach you think best for our owners and your firm. If may be you want to propose some engagement for getting the basic information in place, then an ongoing arrangement for completing an individual appraisal, once we know the circumstances of the title transfer.

Thanks, Joe

Joe – Sam and I looked over the revised plats and our question is what do you need appraisal bids on – based on the revised plat it looks like the Remainder Parcel – 31.1 acres with the main house; New Parcel 1 -1.8481 acres and New Parcel 2 – 3.5855 acres. What about updating the appraisal on the main tract – 838 acres or the other 62 acres to the southeast

Subject: follow up from March 12 meeting re NRV Commerce Park appraisal services

Sam and Tuck,

Please excuse my delay in sending the updated plats related to the NRV Commerce Park, as we discussed on March 12.

Attached are plats showing the proposed lots around the historic Mebane home. The buffer plat shows the acreage to be transferred to New Dublin Presbyterian Church as a boundary adjustment. The four potential lots on the surplus property survey are the same as on the hard copy you had in your files, which are a scan of most of the plat, rather than the entire plat.

Also attached is a plat showing the transfer of 5 acres to the NRV Airport in exchange for 5 acres obtained for a better entrance onto Route 100 when the entrance road was constructed. The final plat on this change will also be a boundary adjustment.

I look forward to getting your proposal for ongoing appraisal services. Our Commerce Park owners meet on April 11. I expect to confirm authorization to engage your services then.

Thanks, Joe

Joseph N. (Joe) Morgan Executive Director

From: Joe Morgan

Subject: Request for Commerce Park Development, Covenants and Communications Committee (DC&CC) Tuesday, April 10, 4:30 PM at NRV Airport Terminal

It's been almost two years since the initial DC&CC meeting in July 2010. Since then the water & sewer expansion has been installed, a new round of water quality testing was completed, strategic planning was undertaken and a new marketing program is being launched for the Commerce Park. The Rural Development Administration appears to finally be ready to grant release of the deeds of trust security for the boundary adjustments to allow for more buffer for New Dublin Presbyterian Church and the five additional acres pledged to the NRV Airport in return for the acreage from the Airport that allowed clear access to Route 100 for the entrance road construction.

There is also a current prospective business that may be ready for consultation with the DC&CC on site plan details. Attached is a confidentiality form that you are asked to complete in case there is a prospective business briefing before the business makes a public announcement. The form is for use of committees that are presented information on behalf of the NRV Economic Development Alliance in the recruitment of prospective or expanding business.

I have scheduled a meeting on Tuesday, April 10 at 4:30 PM at the New River Valley Airport terminal building. From several phone calls I made, that date seems to suit. If you have not already, please let me know if that date suits and if the time is convenient. We need to finish the meeting before the Airport terminal closes at 7:00 PM. I will also be in the New River Valley Wednesday, April 11 and Thursday, April 12 if you are unable to make the April 10 meeting and would like a briefing in person.

I'm also notifying David Dobyns, who I recall is the current Church building committee contact. While Janet and Richard are Church members, I would welcome other Church representatives.

My contact information is:

Mr. Kevin R. Byrd, Executive Director New River Valley Planning District Commission 6580 Valley Center Drive, Suite 124

Radford, VA 24141

Dear Director Byrd:

On behalf of the New River Valley Commerce Park Participation Committee (CPPC), I request two general projects be considered for this year's update of the Comprehensive Economic Development Strategy (CEDS). I understand these projects have been endorsed by the CEDS committee. The projects are listed below and more fully described in the <u>attached</u> table titled "2012 New River Valley Commerce Park Updates for NRV Comprehensive Economic Development Strategy Projects (CEDS)".

#### 1. Additional Resources for Energy Power to the NRV Commerce Park

#### a. NRV Commerce Park Electric Transmission Extension

Brief Description of Project: The transmission line extension will allow reduced start up time for new and expanding industries locating at the Commerce Park, thus enhancing the competitive advantage of the Commerce Park with other large acreage industrial sites in the southeastern United States. Transmission line extension prior to the location of a new or expanding industry could reduce start up time by two years. The most likely route is extension from the existing 138kVA electric transmission line approximately two miles from the current crossing of Lee Highway, Route 11, near Morgan's Cut in Pulaski County, west along Route 11 and north to the Commerce Park site, south of the New River Valley Airport. Other routing from the existing 138kVA transmission line or the American Electric Power Wurno Substation could also be determined feasible depending on the electric energy demands of a prospective industry.

Responsible Agency: Virginia's First Regional Industrial Facility Authority

Estimated Total Cost: \$3,364,000

Sources and Amount of Funding:

Federal: \$1,500,000 State: \$1,000,000 Local: \$314,000 Private: \$1,550,000

Estimated Construction Date: 2014

Readiness status: PER completed

#### b. Green Challenge Waste to Energy

Brief Description of Project: The New River Resources Authority (NRRA) has procured contractors to receive market grade methane gas from the New River Solid Waste Management Area landfill located approximately four miles north of the New River Valley Commerce Park. Transmission of either gas or electricity generated from the gas to the Commerce Park site can enhance both the energy cost at the Commerce Park and the price received by the NRRA for methane gas produced.

Responsible Agency: Virginia's First Regional Facility Authority

Estimated Total Cost: \$2,000,000 Sources and Amount of Funding:

Federal: \$1,000,000

State: Local:

Private: \$1,000,000

Estimated Construction Date: 2014

Readiness status: Desired - The NRRA has completed gas recovery infrastructure and approved a contractor to implement conversion of gas to marketable energy. Further design is needed to determine the optimum transmission and recovery equipment to make the Commerce Park an economically viable site for this green energy initiative.

#### 2. Extension of Rail to NRV Commerce Park:

Brief Description of Project: Rail siding extension is proposed from the Norfolk Southern mainline about 3,500 feet to the Commerce Park boundary and 3,500 feet to a potential building site. During the 2011 Commerce Park strategic plan update, Norfolk Southern updated the concept plan for rail service, as well as preliminary cost estimates. Installation of rail access will broaden the interest of prospective industry in the Commerce Park. A copy of the concept plan is <u>attached</u>.

Responsible Agency: Virginia's First Regional Facility Authority

Estimated Total Cost: \$4,600,000 Sources and Amount of Funding:

Federal: \$2,300,000 State: \$750,000 Local: \$1,210,000 Private: \$340,000

Estimated Construction Date: 2014

Readiness status: Preliminary feasibility updated in 2011.

These requests are made contingent on ratification by the Participation Committee at its next meeting scheduled on April 11, 2012. Please advise me of any additional information needed on these projects for consideration in the CEDS update.

Thanking you for considering these economic development and green energy projects, I am

Sincerely,

Joseph N. (Joe) Morgan, Executive Director

Virginia's First Regional Industrial Facility Authority

CC: Bradley T. Mecham Christy Straight

	Total Annual Contribution <b>Boiler &amp; Machinery</b> – \$1,000 Deductible  Dividend Rate Credit (subject to SCC approval)  Dual Program Discount, if applicable <b>GRAND TOTAL CONTRIBUTION</b>		\$1,611 \$72 (\$0) \$0 \$1,683

Quarterly installment payment terms available for workers' compensation coverage.

#### **PROPERTY**

#### **Buildings & Contents:**

#### **Basis of Contribution:**

Total Building Values:	\$783,700
Total Contents Values:	\$0
Business Income/Extra Expense: (\$100,000 automatic)	\$100,000

#### **Inland Marine:**

#### **Basis of Contribution:**

Blanket Inland Marine Values: \$42,350
Contractors' Equipment: Included

#### Additional Coverages: (no additional charge)

- A&E fees for plans, specifications and supervision included upon replacement
- Back-up of Sewers & Drains: \$1,000,000 Limit
- Debris Removal: up to \$20,000,000
- Pollutant Clean-up and Removal: \$500,000 Limit
- Error in Reporting Provision
- Improvements and Betterments to buildings leased by the entity
- Miscellaneous Unnamed Property: \$500,000 Limit
- Newly Acquired Property: \$20,000,000 Limit (covered until renewal at no additional charge if under \$500,000 in value; additional charge for new values above \$500,000)
- Property in Transit: up to \$5,000,000
- Off Premises Power Failure: \$2,000,000 Limit
- Signs, fences, light poles, antenna, masts and towers; retaining walls are covered within 1,000 feet of the premises provided their values are included in the schedule
- Building Ordinance/Increased Cost of Construction/Demolition: up to \$20,000,000

#### **<u>Additional Coverages:</u>** (additional contribution required)

• Builders' Risk (Optional - must be reported)

#### **Perils Covered:**

• "All Risks" except as excluded by the coverage contract. Flood (if outside the 100 year flood plain) and Earthquake are included on a limited basis.

#### **Deductible:**

- \$1,000
- \$25,000 for Flood & Earthquake

#### Valuation:

Replacement Cost: Building & Contents; Functional Replacement Cost: Inland Marine

#### **Other Terms:**

- Blanket Limit
- No Coinsurance: Subject to Reporting 100% of Replacement Cost Values

#### **BOILER & MACHINERY**

#### **Limits:**

•	\$50,000,000	Limit per Breakdown; includes Property Damage, Utility Interruption
•	\$1,000,000	Business Income and Extra Expense
•	\$500,000	Water Damage
•	\$250,000	Hazardous Substance
•	\$100,000	Ammonia Contamination
•	\$250,000	Spoilage Damage
•	\$ 25,000	Data or Media

#### **Covered Events:**

Property losses ranging from air conditioning equipment and HVAC systems to electrical equipment, including system motors, compressors, refrigeration equipment, fans, switchboards, coils, pipes and air conditioning vessels

#### **Deductible**:

- \$1,000
- 24 Hours Business Income Loss

#### **GENERAL LIABILITY**

#### **Combined Single Limit**

Net Operating Expenses:	\$24,004
-------------------------	----------

#### **Limits:**

- \$2,000,000 Combined Single Limit for Bodily Injury and Property Damage, each occurrence
- No annual aggregate

#### **Additional Coverages:**

- Contractual Liability for covered contracts
- Personal Injury and Advertising Liability
- Broad Form Property Damage Liability
- Incidental Medical Malpractice for employed EMTs and nurses
- Limited Worldwide Liability
- Owned Watercraft under 26 feet
- Products/Completed Operations
- Volunteers included as covered persons (volunteer fire & rescue are excluded)
- Punitive Damages covered in most cases
- Athletic Participation included
- Employee Benefits Liability

#### **Sub-limits:**

- \$500,000 Fire Damage Legal Liability Real Property
- \$100,000 Care, Custody and Control of Others' Property

#### **Deductible:**

• None

#### **AUTOMOBILE LIABILITY AND PHYSICAL DAMAGE**

### **Liability:**

#### **Limits:**

• \$2,000,000 Non-owned and Hired Auto liability (excess over any other collectible insurance)

### **Physical Damage:**

#### **Deductibles**:

• \$250 Physical Damage to Hired or Borrowed Autos during official business

## HIRED & NON OWNED LIABILITY ONLY

#### PUBLIC OFFICIALS LIABILITY

#### **Limits:**

- \$1,000,000 each wrongful act
- \$1,000,000 annual aggregate

#### **Deductible:**

• \$1,000 per occurrence

#### **Policy Form:**

Occurrence

#### **Coverages:**

- County Attorney considered covered persons
- Special Enforcement Officers not under the control of Sheriff considered covered persons
- Employment Practices
- Sexual Harassment
- Defense cost in addition to policy limits

#### Defense Limit of \$100,000 provided for the following excluded coverages:

- Fraud, dishonesty and criminal acts
- Profit and gain
- Violation of statute
- Failure to maintain insurance
- Breach of fiduciary duty
- Breach of contract, other than failure to pay

#### **ENVIRONMENTAL LIABILITY**

**<u>Limit:</u>** \$1,000,000

**<u>Deductible:</u>** \$25,000

#### **Coverage:**

- Third party cleanup for above ground pollution exposures, such as:
  - Water & sewer operations
  - Transfer stations
  - Spraying of pesticides and herbicides
  - Golf courses
  - Above ground storage tanks

#### **Exclusions:**

- Underground Storage Tanks
- Landfills
- Hospitals

VACORP could place coverage for these excluded exposures through a commercial carrier, upon request.
